Why making it with Patons makes it really worthwhile...

Every year Patons makes up thousands and thousands of garments to ensure that each individual pattern is perfected in every size stated and **every Patons yarn specified** — of vital importance to the shape of your finished garment.

And once in shape — always in shape. No shrinking. No stretching. Patons promise it. With over 180 years of experience to draw on, the people at Patons don't pay lip service to quality, they work at it constantly. That's why making it with Patons makes it really worthwhile.

PATONS PRESENT THE GREAT CLASSICS

Just as there's a place in every wardrobe for the exciting avant-garde things, so there's a place for classics, too — for Mother and Daughter, Father and Son. A classic is what endures — a style that goes on and on. And when you knit classics in Patons Yarns, you know the garments will last, like the style — Patons unique "Patonising" process sees to that. Patons now present these family favourites in their special series of books known as "Patons Classics" and each book will tell you how to knit one basic style, complete with variations, in different Patons Yarns.

Here in Book 101 of Patons Classics is the **Raglan Jumper for Ladies**, with instructions for knitting in 8 different Patons yarns.

Patons Jet and Skol are husky, quick-knitting casual yarns that are great for all informal and sporty garments. Both are Patonised to not only resist shrinking but to keep your handknits soft and in-shape through years of washings and wearing.

Skol is showerproofed. Both are mothproofed. Both are versatile yarns from Patons that retain the soft natural qualities of pure wool.

NOTE—To obtain best results, we recommend working from two balls of yarn. Work two rows from the first ball, two rows from the second ball, then two rows from the first ball, etc. This will help overcome any possible variation in yarn thickness. Always work from the outside of the ball. Work from one ball when working Neckband and Polo Collar.

Some useful hints

Yarn. 1. Never join in a new ball of yarn in the middle of the work, always at the end of a row, knotting it with a slip loop and darning the ends into the seam when the work is completed. If you have any long ends of yarn, break them off a few inches from the garment and save them for sewing up, but **never** sew up with an end that is still attached to the work—the only exception to this rule is that the end left after casting-on may be used to commence sewing up.

2. Yarn must be spliced when working on 4 needles. To splice yarn, split the 2 ends and remove half the number of strands from each end for 2½ inches (6.5 cm). Lay the yarns together, the 2 ends pointing in opposite directions and rub lightly between the hands until the strands are joined together.

Do not K.1 at each end of a purl row, or slip 1 at the beginning of a row, etc., unless this is stated in the instruction.

Casting off must be elastic, especially at shoulders, cuffs and neckbands. If you cannot cast off loosely enough, use a size coarser needle. When casting off after working in rib or pattern, cast off in the same manner (i.e., rib to be cast off in rib, purl fabric to be cast off purlways, etc.).

When knitting up stitches, especially for a "V" neck, always insert the needle a full stitch in from the edge, and be careful not to have a line running up one side below the knitting up. This line can be avoided by working "slip 1, K.1, p.s.s.o." on the left side of the garment instead of "K.2 tog." in the neck decreasing.

Variations in specified yarn quantities for garments.

Knitters occasionally comment that the quantity of yarn recommended for a garment varies from the amount they actually use. One major reason for this is that no two people knit or crochet in exactly the same way.

When we specify a quantity of yarn for a particular garment, we are stating a figure that is the end result of having each individual design made by as many as six different knitters. The average quantity determined by this check knitting is regarded as the most satisfactory figure for that particular garment, knitted at the **correct tension*** to the measurements specified and in the actual yarn recommended. Naturally, if you decide to change the body or sleeve length you must allow for an adjustment to the quantity of yarn.

*Correct tension — see tension instructions illustrated in this book.

SOME IMPORTANT HINTS

IMPORTANT — DYE LOTS!

Always buy enough of the same dye lot at the one time for a complete garment, as a variation between dye lots can occur.

Retain ball bands until the garment is completely knitted, and, in the event of an enquiry concerning the purchase, submit all ball bands.

SUCCESSFUL RESULTS DEPEND ON CORRECT TENSION!

To knit garments you'll be proud of, always make a Tension Test. Correct tension brings out a further benefit of Patons exclusive Patonising process. You'll find your knitteds have maximum resistance to pilling as well as shrinkage. So you're sure of knitteds looking fresh and new through wash after wash.

Tension Test: Before you start knitting take the yarn and needles specified in the instructions, cast on 20 stitches, work 20 rows in plain smooth fabric. Lightly press work. Check the tension by placing an inch tape across the stitches. Count the exact number of stitches to 2 ins. and compare with the tension given in the instructions. If your tension is too loose, try a size finer needle. If it's too tight, try a size larger needle. If more than one size of needle is recommended in the knitting instructions, and you have altered your needles to correct the tension, corresponding alterations must be made to needles throughout the instructions.

ABBREVIATIONS used in KNITTING

K. — Knit. P. — Purl. sts. — stitches. tog. — together. alt. — alternate. p.s.s.o. — pass slip stitch over. ins. — inches. rep. — repeat. inc. — increase or increasing. patt. — pattern. t.b.l. — through back of loop. beg. — beginning. dec. — decrease or decreasing. incl. — inclusive. y.fwd. — yarn forward. y.r.n. — yarn round needle. y.o.n. — yarn over needle. y.bk. — yarn back. y.ft. — yarn front.

Garter Stitch — every row knit. When instructions read: "Cast off 2 stitches, K.2" (or similar stitches), the stitch on the right-hand needle, after casting off, is counted as one stitch. cm = centimetres.

ABBREVIATIONS used in CROCHET

Ch. — chain. sp. — space. s.c. — single crochet. sl.st. — slip stitch. d.c. — double crochet. y.o.h. — yarn over hook. h.tr. — half treble—pass yarn round hook, draw a loop through next ch., draw a loop through all 3 loops on hook. tr. — treble—pass yarn round hook, draw a loop through next ch., draw a loop through first 2 loops on hook, then draw another loop through 2 remaining loops. d.tr. — double treble—pass yarn twice round hook, draw a loop through next ch., draw a loop through first 2 loops on hook, draw a loop through next 2 loops, then another through last 2 loops. t.tr. — triple treble — pass yarn three times round hook, draw a loop through next ch., draw a loop through first 2 loops on hook, draw a loop through next 2 loops, then another through next 2 loops, then another through last 2 loops.
